20d/21d. At some different amounts the Permanent Fund dividend might prompt some people to WORK LESS - like working fewer hours, cutting back to a part-time job, letting go of a part-time job, not moonlighting, or not taking on odd jobs. Taking into account the number of dividend checks your immediate family would get, would a regular yearly dividend amount of make you work less, or not?

20d/21d. At some different amounts the Permanent Fund dividend might prompt some people to WORK LESS - like working fewer hours, cutting back to a part-time job, letting go of a part-time job, not moonlighting, or not taking on odd jobs. Taking into account the number of dividend checks your immediate family would get, would a regular yearly dividend amount of make you work less, or not?
